9. Add all colleges attended:

Colleges Attended

Report **all** colleges and institutions attended, regardless of:

- Their relevance to the programs you're applying to, and
- Whether the coursework completed there was already transferred to another institution.

Also, report each institution only once, regardless of the number of degrees earned or gaps in the dates of attendance. Visit the [Applicant Help Center](#) for more information.

If you attended or are attending an institution outside the United States/Canada, you can upload an unofficial copy of your transcript with an English mirror/direct, word-for-word translation. **This is not required but will help to expedite the processing of your application.**

Once you submit your application, you cannot edit previously entered colleges and universities.
