

What to do if you are approached by an immigration-enforcement (ICE) officer:

Ask: Ask for the officer's credentials (name and badge number), the reason for being on campus and any documentation that authorizes school access. Take photographs of any documentation they provide.

Say: "I am not obstructing your process, but I must contact Dean Stevenson to receive direction."

Do: Call Dean Stevenson – 559.278.6561
If Dean Stevenson is not available, contact Lieutenant Madrigal – 559.278.8400.

Follow the directions from Dean Stevenson or Lt. Madrigal.

Note: While you should not consent to access by an immigration enforcement officer unless he/she declares exigent circumstances or has a federal judicial warrant, do not attempt to physically impede an officer, even if he/she appears to lack authorization to enter. If an officer enters the premises without consent, document his/her actions while on campus (video, photos, notes).
