Their testimonial

NANCY

"As an AB540 student, there are not many opportunities for us to gain real work experience. I have been fortunate to have been part of a program like College Corps and it has been a rewarding experience. College Corps has helped me improve and gain new professional skills by working in a professional setting while making a difference in my community. It has also reduced my financial burden by helping me pay for school. Also, throughout this program, I have made long-lasting connections and unforgettable memories."

"I joined the College Corps program where I worked alongside my mentor and fellow Dreamer, Alondra, tirelessly committing myself to my community and neighboring areas. Partnering with Every Neighborhood Partnership, I helped improve literacy for children in under-resourced areas. My efforts led to a promotion to Mentor and site lead within a year. This fall, I step into the Lead role, a position that's deeply meaningful to me as someone who overcame language barriers in a poor community. Now, I'm honored to give back and be a role model for young kids, reflecting the support I once received."

BALTY

"I'm Berenice, a Fresno State student, mother of two, and wife. As the first woman in my family to pursue higher education thanks to AB540, I'm a proud College Corps Fellow and former ENP mentor. Supporting an afterschool program in south Fresno, I faced challenges as a first-generation student and immigrant, including cultural adaptation and language barriers. I believe in "Si no encuentras un buen ejemplo, sé tú el ejemplo" (If you can't find a role model, be the role model). College Corps offered hands-on experience, financial support, and the chance to build lasting connections while helping others".

BERENICE

INVEST IN YOUR COMMUNITY. INVEST IN YOU.

- Create a generation of civic-minded leaders with the ability to bridge divides and solve problems.
- Help low income students graduate college on time and with less debt.
- Address societal challenges and help build more equitable communities across California.

MAKE A CHANGE

We are looking for students to help us with make a change in our community! Join us, because your help is needed!
