

HEY BULLDOGS!

Here is some important and upcoming information for 2023-2024 to keep in mind:
2023-2024 includes Fall 2023, Spring 2024, and Summer 2024

Financial aid To Do items will start popping up on your Student Center by the end of March - You will want to respond as quickly as possible as they can delay your financial aid from being awarded and/or disbursed.

Check your Student Center Weekly - If there are financial aid action items for you, they will pop up on your Student Center throughout the academic year. Again, having financial aid To Do items or holds can delay your aid.

Financial aid will begin being awarded in March - Grants will be accepted for you, but if you are interested in borrowing student loans, you will be able to accept those in July.

Taking Summer 2023 classes? Please be aware that your financial aid for Fall 2023 will be delayed as we have to make sure you are maintaining Satisfactory Academic Progress (SAP) once summer grades are official, before we can disburse Fall aid.

Have you and your family experienced a change in circumstances that impacts your ability to pay for college? You might consider meeting with a financial aid counselor to discuss a Professional Judgement (PJ) appeal. We can sometimes make adjustments to your financial aid application
