Policy:	**ADHD Evaluation & Treatment**	
Issued:	Date of original: 11/2011	Date of revision: 9/2013, 3/2016, 6/2018, 12/2019, 6/2021, 4/2022, 2/2026
Approval:	Title: Director, Counseling and Psychological Services	Responsible: Director, Medical Services

PURPOSE: **To guide students seeking help for Attention Deficit Hyperactivity Disorder (ADHD) symptoms.**

POLICY: Effective Spring 2018, the Student Health and Counseling Center (SHCC) will no longer write prescriptions for ADHD medications.

Students in need of ADHD medication may seek care through an outside physician.

While the Student Health and Counseling Center does not have the resources to evaluate or treat ADHD, we would like to help you find the resources that you need. Please contact our Clinical Case Manager at 559.278.6736 or use the resources listed in the Mental Health Resources Guide available in the Health Center or on the Student Health and Counseling Center website under Counseling Services.

ADHD testing and accommodations may be arranged through the Services for Students with Disabilities office at 559.278.2811.
