Undergraduate Studies

Additional Information Required for Change of Major Form Process *(Only Required for Exceeding 144 units)*

1. If adding a major or minor, why is this program needed for your long-term objectives?

2. Why are you requesting this change at this point in your educational career?

3. If changing due to academic performance, why do you believe you will excel with the proposed change?

4. Are there any career related (e.g., internships, research opportunities, occupational interests) and/or graduate/law school incentives associated with the requested change?

5. Do you have any experience in the field that you are requesting to change or add? If yes, please explain.

Undergraduate Policies and Procedures Majors and Minors

Newly Admitted Students and Returning Admitted Students (First Semester)

A change of major is not allowed during the application and admission review process. Students can request a change of major after the 20th day of instruction (census day). [Click here for dates.](#)

Maximum Number of Majors and Minors*

A student may earn a maximum of two majors and two minors as long as all work can be completed within 144 earned units. If a degree requires more than 120 units, students must be able to complete the second major and any additional minors within 24 units beyond the number of units required for the larger unit degree. A student will be allowed 54 high school Advanced Placement (AP) and other similar units (IB and CLEP) in addition to the maximum of 144 earned units.

Exceeding Maximum Units

If student will exceed 144 earned units by the time of degree completion with major change and/or addition of major/minor, this form must be accompanied by a graduation plan, must provide reason for change (use separate sheet of paper), and submit to Dean of Undergraduate Studies for review. All requests are subject to approval.

Declaring a Major

Students who start as freshmen must declare a major approved by the department by the end of the semester in which they complete a total of 60 earned units (includes AP and other similar units). Transfer students must declare a major approved by the department prior to registering for their second term. Students who have not declared a major by the relevant deadline will have a registration hold placed and will not be able to register for courses until they declare a major.

Adding a Second Major

Students who wish to declare a second major must submit a graduation plan approved by the department offering the second major which demonstrates that all degree requirements for both majors (and minors, if any) can be completed within 144 earned units. Students may not add a second major after completing the requirements for their first major unless students have not exceeded 120 earned units at the time of declaration.

Changing Major

Student requests to change a major must be approved by the department of the new major/option indicating that the student has been advised. If the student has 90 or more earned units at the time of applying for major change, the request to the new department must be accompanied by a plan demonstrating that the new major can be completed within 144 earned units.

Deleting a Primary Major (Only applies to students with two majors)

Students who request to have their primary major deleted will automatically have their second major default to their primary major.

Adding a Minor

Students can add a minor only if they can complete both their major and the minor within 144 earned units. Students may declare a minor by completing the appropriate form and receiving advising and approval by the Department offering the minor.

Changing a Minor

Students may drop their current minor at any time. They may add a minor as long as they satisfy the policies and procedures for adding a minor.
