WELCOME OUR NEW STUDENT LEADERS

Raveena Navani
Veterans Community Builder, SSSV

I lived in Los Angeles for most of my life, but I was born in the Philippines; specifically, in an Indian household. My Father is Indian and my mother is Filipino, but I was raised here in the United States. You could say I have got a lot of cultural experiences on my belt. I served in the United States Navy as a Diesel mechanic, in San Diego, from 2015-2019. TRIO SSSV is a big step in learning resources beneficial for me and the future veterans I will be helping in the long run. My version of the American Dream involves supporting all the families I have made, and connected with, during my time in the service and even after. To be able to successfully open up my own business, in a big city, one day, is such a dream to have, but not impossible.

Mary Nambo-Ramirezi
Veterans Community Builder, SSSV

I was born and raised in Watsonville, California. I graduated from Pajaro Valley High School in my hometown. Right after I left for Fresno State, but I felt like I needed to be part of more, so I joined the United States Army. I served from 2017-2020 in the Army, and it was an experience that I will never forget. I returned to Fresno State right after I got out of the Army to finish my Forensic Behavioral Science degree. I am entering a new adventure that I am very excited to see where it leads me too. Our goals can be reached if we set our minds to it because we learn in the process of all the adventures, we take to get where we want to.
